

Jaxon Floor Lamp

TT1181-TT1191 | 1.0

GENERATION LIGHTING PORTABLE

General Product Information:

This product is safety listed for dry locations only.

This instruction shows a typical installation.

SAVE THESE INSTRUCTIONS!

IMPORTANT SAFETY INSTRUCTIONS

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not attempt to defeat this safety feature.

Assemble the Lamp

IA

- 1 Screw the fixture arm onto the fixture base.
- 2 Place the socket assembly on to the fixture arm and secure with the two set screws and allen wrench.
- 3 Screw the lamp into the socket. Refer to the label on the lamp socket for Max Wattage Information.
- 4 Place the shade on top of the socket assembly and secure the shade with the thumb screw.
